That works for us, but would it be better for you if we pushed it back a week?

☐ So could we break it up into 2 (30 minutes) calls? If so, could we do:

Wed 10/2 @ 11-11:30

Thurs 10/3 @ 9:30-10

Also, thank you for agreeing to facilitate the state/EPA call. I really appreciate it!

Meg and Mary – I think before Lisa left she was going to try to get me your comments but it appears she might have forgotten. Do you have any comments you can share or would you like more time? We are not in a push/rush on any MS4 permits at the moment.

Thanks!

Amy,

I am so sorry! This is completely my fault. I was tasked with letting you know that we waive our certification. I promise to be more on top of the certifications in the future. I also still owe you our initial comments on the boilerplate and will get them to you shortly. Again, my apologies.

Okay, thank you Meg. Would you prefer we wait the 60 days and then you automatic waive your right or are you okay with us stating the State waived their right and moving ahead prior to the 60 days (I know you also PN the permit's 401 cert so I do not want to get cross ways with that requirement). Thanks!

**Subject:** VA MS4

Dear Amy - thanks for your message. My apologies for our silence on the VA MS4 permit. We will waive our certification on the VA MS4; we've got quite a few thoughts on the MS4 template you sent over and we think it would be better to jump in on those issues with the template (rather than the VA permit) where there is more time.

Thanks so much for your coordination and work -

Meg
